Roadmap to the Psychology Major Requirements (Approved in March 2017. Effective in the Fall 2017 semester)

	Course	Completed	Enrolled	Notes																																																															
Foundational Courses 9 credits	PSYCH 10000 (3 cr)			*Need a grade of B- or better.																																																															
	Choose one (1) of one of the following (3 cr) PSYCH 14000, 15000, 16000, 17000, 17100, 18000 or PSYCH 19000			*Need a grade of B- or better. *Need a GPA of 2.0 or better																																																															
	STAT 11300- Elementary Probability & Statistics (3 cr) OR MATH 12500- Precalculus, 12000, or 15000 (3 cr)			*Need a grade of C or better or CR																																																															
Natural Sciences Courses 8 credits	Choose two (2) Natural Science courses WITH Lab from the list below (4 cr EACH) ANTHP 101, 102; ASTRO 100/102, 100/107; or ASTRO 101; BIO 100, 102, 120, 122, 125, 150; GEOL 100/101; GEOL 101, 102; PGEOG 130, 231; PHYS 110, 120 CHEM 102, 104/106			* You MUST have completed at least ONE (1) Laboratory Science Class BEFORE taking PSYCH 25000. * You need a total of TWO (2) Natural Sciences WITH Labs in order to graduate. * *Must have completed both the Lecture AND the Lab with a passing grade for CHEM.																																																															
	PSYCH 24800- Statistics (4 cr)			* Taken after the MATH Requirement. *Need a grade of C or better																																																															
	PSYCH 24900 or 25000- Experimental Psychology (4 cr)			* Taken after PSYCH 24800 *Need a grade of C or better.																																																															
All students must take three (3) 200-level courses, one in each of the three Content Areas: Biopsychology, Cognitive/Developmental, and Social/Clinical/Health (9 cr). One (1) of these three courses must be taken within the student's chosen Focus Area. Students who wish to pursue a focused course of study should include the appropriate 200-level course for that Focus Area. If no Focus Area is chosen, then students will be automatically assigned to the 'General Psychology' Focus Area and will need to take these courses from each of the other Focus Areas.

	Non-Classified Electives (do not serve as a pre-requisite for 300-level courses)	PSYCH 20100-Independent Study PSYCH 29500-Special Topics in Neuroscience	PSYCH 34800-Statistics Practicum in Statistics PSYCH 39500-Psychology Independent Research
	Department Honors		PSYCH 39600-Psychology Independent Research PSYCH 39800-Psychology Independent Research

Requirements for the Psychology Degree Program:

Declaration of Major/Foundation Classes:

To declare a Psychology Major, the student must have completed **PSYCH 10000-Introduction to Psychology** and **any other 100-level Psychology course** with a minimum grade of B, a **required Mathematics course** with a minimum grade of C or CR and **have a minimum GPA of 2.00**. The Mathematics requirement may be satisfied by the following, or by earning exemption from the Mathematics requirement. The **Major must be declared in person with an Undergraduate Psychology Adviser** (Room 611 HN - Refer to website <http://hunter.cuny.edu/psychology> for schedule.) The student must bring his/her Hunter transcript (and where relevant, transcripts from all other colleges attended) when meeting with the adviser to declare a Psychology Major.

- **STAT 11300 - Elementary Probability and Statistics**
- or-
- **MATH 12500 - Precalculus**
- **Two Sciences with Lab**

Students may declare a Focus Area at the time of declaring the Major, or at any time thereafter

Psychology Major:

The Psychology Major is organized around **three (3) Content Areas**, consisting of **seven (7) Focus Areas**. The Major consists of 29 credits in Psychology courses above the 100-level, including PSYCH 24800-Statistical Methods in Psychological Research and PSYCH 24900-Experimental Psychology: Social or PSYCH 25000-Experimental Psychology: General.

The **Psychology Major** consists of a total of **46 credits including Foundation and Natural Sciences courses**. The Major also requires:

- **One** of: PSYCH 14000, 15000, 16000, 17000, 17100, 18000, or 19000.
- **Three** 200-level courses, one in each of three Content Areas (see below). One of these 3 courses must be within the Focus Area chosen by the student (i.e. Animal Behavior; Physiological Psychology; Cognitive; Developmental; Social Psychology; Clinical Psychology; or Health Psychology). (Students selecting 'General Psychology' as their Focus Area can take these courses from any Focus Area.)
- Two 300-level courses within a Focus Area of Psychology and 2 electives (200- or 300-level courses) are required. (Students selecting 'General Psychology' as their focus can take these courses from any Focus Area.)

Our Major is organized around three **Content Areas** and their corresponding **Focus Areas**. The Content Areas and corresponding Focus Areas are on the *following page*.

- At least 50% of all Major and Minor credits must be taken at Hunter.
- Once your Psychology Major is declared, you cannot take PSYCH classes at any other institution.
- Psychology courses taken on a Credit/Non-Credit basis may not be applied toward the Major.
- The sequence below must be followed:
 1. Fulfill the MATH Requirement by:
 - Getting a C or higher (or CR) in STAT 11300, MATH 12500, 12000, or 15000, or Passing scores on Parts 3, 4, and 5 of the CUNY Mathematics Skills Assessment Test (consult the Mathematics Department for further information on the CUNY Mathematics Skills Assessment Test).
 2. Declare your PSYCH Major after you:
 - Get a B- or higher in ALL PSYCH 100-level course and an overall GPA of at least 2.0.
 3. Take PSYCH 24800 for a grade. It may not be taken on a Credit/Non-Credit basis
 4. Take PSYCH 25000
- **Psychology courses taken on a Credit/No Credit basis may not be applied toward the Major**
- **If a course meets requirements for more than one Focus Area, the student may apply the course to only one of them.**

	PSYCH 21000-Child Development PSYCH 21200-Exceptional Childhoods PSYCH-21300-Children and Adolescents with Autism PSYCH 21400-Adults with Developmental Disabilities PSYCH 31000-Research in Developmental Psychology PSYCH 31300-Adolescence PSYCH 31500-Adult Development PSYCH 32300-Developmental Psychopathology PSYCH 33200-Attitudes and Persuasion PSYCH 33300-Advanced Social Psychology Theory and Methods PSYCH 33400-Cultural Psychology PSYCH 36100-Psychological Testing PSYCH 3700-Cognitive Development PSYCH 38400-Current Topics in Developmental Psychology

C. Social/Clinical/Health Psychology	
	Social Psychology
	PSYCH 22000-Personality PSYCH 23000-Social Psychology PSYCH 23500-Psychology of Women*** PSYCH 31300-Adolescence PSYCH 33100-Social Cognition of Gender PSYCH 33200-Attitudes and Persuasion PSYCH 33300-Advanced Social Psychology Theory and Methods PSYCH 33400-Cultural Psychology PSYCH 33500- Ethnic and Cultural Identity Theories PSYCH 38500-Current Topics in Social Psychology
	Clinical Psychology
	PSYCH 22300-Abnormal Psychology PSYCH 32300-Developmental Psychopathology PSYCH 32600-Pschoanalytical Theories PSYCH 34100-Stress, Trauma and Resilience PSYCH 34200-Emotion: Function and Dysfunction PSYCH 34400-Clinical Psychology PSYCH 36100-Psychological Testing PSYCH 38600-Current Topics in Clinical Psychology
	Health Psychology
	PSYCH 24200-Health Psychology PSYCH 36200-Psychological Determinants of Health Disparities PSYCH 36300-Health Behavior Change PSYCH 36400-Sexuality and Health PSYCH 36500-Coping with Chronic Disease PSYCH 36600-Interpersonal Relationships and Health PSYCH 36700- Addictive Behaviors PSYCH 38700-Current Topics in Health Psychology

Non-classified Electives (Cannot Be Applied In Focus Area)	
	PSYCH 29568-71-Special Topics in Neuroscience – BP Endurance PSYCH 30600-Seminar-Psychological Services I** - may be applied to the Clinical Focus Area PSYCH 30700-Seminar-Psychological Services II** - may be applied to the Clinical Focus Area PSYCH 34800-Statistics Practicum in Statistics**

*PSYCH-27000 is equivalent to PSYCH-24300.

** These classes do NOT count towards the Major.

*** Only fulfills 200-level Content Area requirement. Does NOT serve as a prerequisite for 300-level courses.

Qualified Undergraduates in their last semester may register for Graduate-level Psychology courses with the permission of the instructor and the graduate adviser. Most Psychology majors intending to attend graduate school take more than 26 credits in Psychology and design their course of study in close consultation with a faculty mentor. Students should obtain a copy of "Psychology Major Requirements and Policies" from the undergraduate advising office as soon as they declare the major for up-to-date information on department resources, activities and faculty research interests.
